Health Care Reform

There has never been a more critical time in our business to deliver sustainable employee benefit strategies to our clients.

The introduction of new reforms with the implementation of the **Affordable Care Act** are defining moments for our industry, giving us tremendous opportunities to inform and educate our clients and their employees.

In the current employee benefits landscape, staying compliant with evolving laws, rules and regulations is an ongoing challenge. Acson delivers expert support and timely information to help you reduce the risk of unnecessary liability as a result of errors or non-compliance.

We continue to work very closely with consulting firms and attorneys to ensure that our clients are compliant with the requirements of the **Affordable Care Act**.

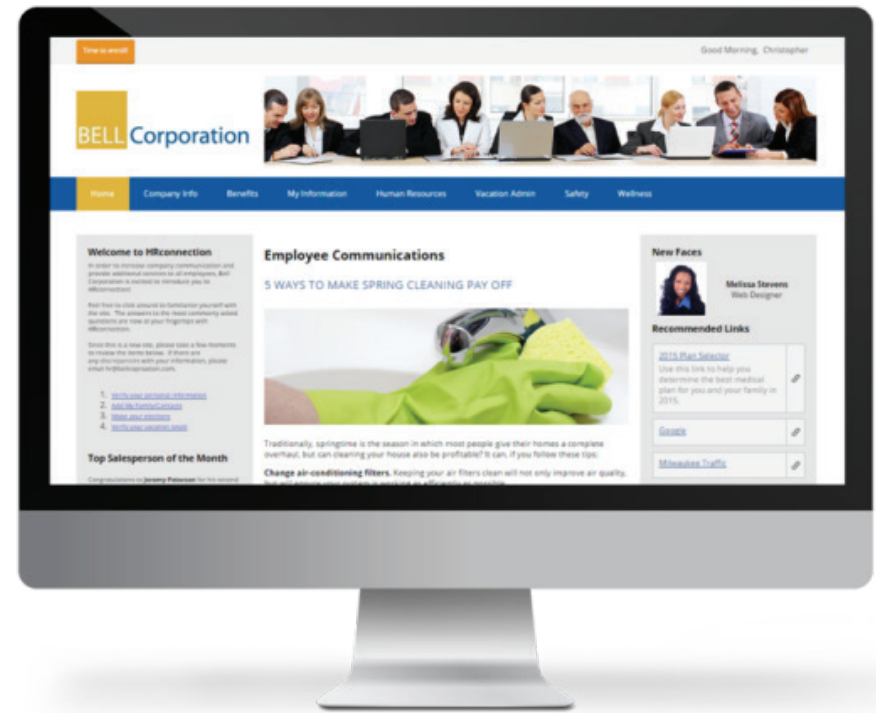

Key Compliance Items

- ACA Taxes & Fees • Minimum Essential Coverage (MEC)
- Employer Mandate • Group Size Evaluation • 1095 Reporting

HR Technology

As part of our support function, we provide free of charge to our customers a sophisticated virtual Employee Benefits expert software that delivers customized company and benefits information to employees in one secure place.

This state of the art system offers a modern user interface through which employees can help themselves to HR and Benefits information online, anytime.

AFFORDABLE CARE ACT

- **Helps empower employees:** provides employees access to company information including job posting, policies, forms and announcements, plus time-off requests, benefits elections and other HR tasks. 24/7 mobile access makes connecting with HR even easier.
- **Boosts productivity and cost savings:** by enabling a simplified, intuitive benefits enrollment process that replaces paperwork, saves time and resources.
- **Efficiency:** The ability to offer employees self-serve access to often-requested materials, plus easy portal setup and administration, streamlines everyday tasks for HR, freeing up personnel to devote more time to strategic issues.

Health Insurance and Employee Benefits

Offering strong and secure Health Insurance plans for your business is an excellent Employee Benefit incentive for acquisition and retention of employees.

The road to dependable coverage begins with your Health Insurance quote. We are here to first provide these quotes and then help you select the right Insurance plan, implement it and provide the support needed for its smooth operation.

- Networking with national Health Insurance carriers • Variety of consumer driven plans
- Nationwide coverage • Keep our clients regularly updated with the latest ACA compliance rules and regulations
